

Kilimanjaro

Tommy Bahama
OUTDOOR LIVING

Kilimanjaro

Inspired by expeditions to the world's most enchanting destinations, Kilimanjaro seamlessly merges original designs with indigenous styling, alluring materials and the skillful touch of artisan craftsmanship.

Designs embody distinctive Tommy Bahama styling, featuring a sophisticated pattern of all-weather woven wicker in a rich tobacco finish. Sustainably-sourced natural teak tops are protected with a water-based finish for ease of maintenance, while powder coated aluminum base designs, finished in a deep espresso coloration, add a sophisticated contemporary touch.

Tommy Bahama
OUTDOOR LIVING

Tommy Bahama®

OUTDOOR LIVING

The most respected brand in luxury outdoor living blends innovative design with the finest materials and custom finishes to create a look that can transform any outdoor living space.

Bar and counter stools feature plush cushioning and swivel mechanisms

Choose from hundreds of outdoor performance fabrics or select your own material for a custom look

Powder-coated aluminum bases feature a dark espresso finish

Arm rests feature decorative woven wrapping over the aluminum frame

A unique woven cocktail ottoman offers additional seating

Designs feature beautiful architectural lines pairing aluminum and natural teak

The custom horizontal woven pattern offers a refined and sophisticated look

Outdoor living spaces come in all sizes, and sectional seating is the most impactful way to create intimate conversation areas. The Kilimanjaro sectional, with 6 modular components, offers the ability to scale the seating to accommodate any space or configuration. The design of the corner wedge elegantly softens the ninety-degree turn while providing additional seating.

DINING TABLE TOP CONFIGURATIONS

ACCENT PILLOWS

Since most like to customize the size and configuration of their accent pillows, upholstered seating in Kilimanjaro does not include standard accent pillows. Seven different sizes and shapes of pillows are available. They may be specified with standard 1/4 inch welt, larger 1/2 inch welt or without welt. All pillows feature 100% all-weather fiber in a water-resistant ticking that is thermally sealed to deter water penetration.

Numerous trim options are available on accent pillows, including contrast welts in any fabric as well as decorative cords, fringes and tape treatments. Please see the Tommy Bahama Outdoor Living price list for details.

PERFORMANCE FABRICS

Creating a seamless transition from an elegant interior décor to a stylish outdoor space is the essence of refined living today - and blurring the lines between indoor and outdoor living lies in merging beauty and durability. Fabrics must have the sophisticated look and luxurious hand of residential textiles, plus the performance technology to withstand the most extreme outdoor conditions.

The Tommy Bahama Outdoor Living program includes fabrics and trims from industry leaders in performance technology. A "performance fabric" is one with the following attributes:

- Fibers that are solution-dyed to the core, rather than simply on the surface
- Colorfast dyes that are highly resistant to fading from UV exposure
- Fibers that are inherently resistant to mold and mildew
- An extremely tight weave to withstand the wind and elements
- A durable finish for superior stain and water resistance

The Tommy Bahama Outdoor Living program is unique in the industry for its wide-ranging assortment of exceptional performance fabrics and correlating trims, offering the ability to customize upholstery whose impeccable tailoring, seating comfort and designer looks are equally at home, indoors or out.

WEATHERGUARD™ UPHOLSTERY CUSHIONS

The exclusive Tommy Bahama Outdoor Living WeatherGuard™ cushion is engineered to be highly water resistant, mildew resistant and anti-microbial, while offering the most ultra-comfortable seating in the industry. In fact, the comfort is superior to the cushioning on the finest indoor upholstery. The unique construction consists of (4) distinct layers.

- The inner core is 1.8 lb. density, high-resiliency foam that provides unparalleled support, functioning like a box spring in premium bedding. It is both mold and mildew resistant.
- The second layer is soft-cell foam, designed to provide a relaxed but supportive seat, like a plush mattress.
- The third layer is spun polyester fiber, which is inherently anti-microbial and functions like a pillow-top, offering down-like comfort and a luxurious "crown" to the cushion.
- The fourth layer is a wrapping of water resistant non-woven ticking is thermally sealed to prevent water penetration into the layers below.

Seating comfort is one hallmark of the Tommy Bahama Outdoor Living program. The exclusive WeatherGuard™ cushion is your assurance that the quality, look and longevity of the cushioning will match its unsurpassed comfort.
